Do you have the ambition and potential to become a General Manager?

With our major global presence and ambitious growth plans, Hilton needs to develop a strong cadre of future General Managers (GMs) for our Owned, Leased & Managed hotels around the world.

Elevator is a Development Programme for globally mobile graduates that will prepare you to be ready for a hotel GM position within 5-8 years of completion. It is the first step in our talent management ladder, offering accelerated development into a first management position followed by a fast track, structured career path with ongoing development to help you to maximize your future potential with us. It is a globally consistent program, managed on a regional basis.

What does the Programme cover?

The Elevator programme is designed to give you the foundation and knowledge to kick start your journey to becoming a GM through a broad learning experience across all core functions of the hotel.

It is an 18 month programme which includes two placements (each lasting 9 months) in two different countries and/or regions. It includes:

✓ Structured group orientation
✓ Tailored work experience in all functions, taking account of any previous experience
✓ Formal off-the-job learning in a range of business disciplines
✓ Virtual classrooms and Hilton University e-modules
✓ Two major business projects
✓ A personal mentor (typically a seasoned GM)
✓ A competency based personal development plan
✓ Regular career development reviews

What are YOUR learning benefits?

By completing the programme you will build critically important technical, business and leadership skills that will form the foundation of your future career as a GM.

The blend of on-the-job experience, off-the-job development and learning, and the support and sponsorship of our business leaders will be an invaluable experience.
